CTP

TO : Director of Training

DATE: 5 March 1971

FROM : Chief, Career Training Program

SUBJECT: Weekly Activities Report

1. The 19 Career Trainees attending the BOC received official memoranda from the Chairman, Junior Officer Board on 2 March confirming their forthcoming permanent assignments in the Clandestine Service. With the exception of one Trainee who was assigned to SB Division rather than to EUR Division, all CTs in this class received their preferred assignments.

25X1A9a 2. On 5 March the Office of Current Intelligence urgently requested the reassignment for two weeks of Career Trainee [REDACTED] to assist with the increased reporting requirements resulting from the approaching Indian elections. Although [REDACTED] will eventually be assigned permanently to OCI, he is presently serving an interim assignment with DDP/WH Division. Normally, Chief, CTP would object strongly to the interruption of an interim assignment; however, the urgency of the OCI request resulted in a discussion with WH Division about [REDACTED]'s availability. The Division indicated that [REDACTED] 25X1A9a is presently deeply involved in a project for the [REDACTED] Desk and 25X1A8a regrettably cannot be released.

3. Rapid progress continues to be made by the CTP Administrative Staff with the microfilming of personnel files. The project is now about 90% completed.

4. CTP Staff Program Officers began this week the laborious but essential discussions and negotiations for the interim assignments for the January 1971 class. These initial interims will begin in April following completion of the OFC.
